Profile

Front-End Developer with 4 years of hands-on experience collaborating in a team environment to build clean, minimalistic, and high-quality dynamic projects. I have a strong passion for creating outstanding user experiences through intuitive and visually appealing interfaces.

My favorite tech stack includes Ecma6+, React, Next, and various JS/react libraries for efficient and scalable development. I am proficient in prototyping, programming, debugging, refactoring, and optimizing JavaScript to deliver top-notch code quality

With a keen eye for detail, excellent problem-solving abilities, and a strong commitment to delivering pixel-perfect work, I strive to contribute to innovative projects and exceed client expectations. Constantly staying updated with emerging technologies and continuously refining my skills, I am dedicated to providing high-quality front-end solutions

Proven Skills :

Vanilla JavaScript / TypeScript / Ecma6+ / Functional programming

Responsive & Interactive User Experience

React / Next / Liquid / Solid / jQuery / MUI / Chart.js / Graph.js/

Comprehensive & Intuitive UX / UI / Desktop / Mobile

Shopify development / Customized themes / Builder.IO / SquareSpace / WIX

App integration / Algolia / MetafieldGuru / Okendo

Web Scrapping / DOM Manipulation

Interactive Styling CSS3, Bootstrap , TailWind

HTML5 , SEO , accessibility , Proper Markup

Training / Mentoring / Tutoring via Meetings Presentations

My experience in team projects has equipped me with excellent communication and collaboration skills. I thrive in an agile environment, actively contributing to discussions, providing valuable insights, and ensuring seamless integration between front-end and back-end systems. I am skilled in version control systems, such as Git, enabling efficient collaboration and code management within the team.
